

Acknowledgement of Potential Cost with Procedures

Blue Ridge Dermatology Associates, P.A., would like to make you aware of the additional costs associated when procedures are performed in our office. Some health insurance plans will apply to an additional copay, deductible, or coinsurance when in-office surgery is performed. If you would like to defer treatment until you are able to contact your health insurance company to confirm your benefits, please inform your medical provider or a member of the staff.

Also of note, whenever any specimens are removed or samples taken, those are sent to Inform Diagnostics. There is a separate laboratory that will bill your health insurance separately from our office and it is possible that you could receive a bill for services performed by Inform Diagnostics.
